

COLORADO EMERGENCY VEHICLE TECHNICIANS ACADEMY

30th Annual Academy

The Colorado Emergency Vehicle Technicians Academy proudly presents the 2018 Colorado Emergency Vehicle Maintenance Academy. The annual event is scheduled to take place July 30th- August 3rd, 2018 at Aims Community College in Greeley.

We look forward to your continued participation for Vendor night on Tuesday the 31st. Without you, this organization would have a difficult time accomplishing our goal of providing cost effective training to our technicians involved in the Emergency Services arena.

New Location!

This year we will be having a Vendor/Dinner function at Aims Community College.

Confirmed setup times are still being determined but, we will tentatively plan for 3-5pm on Tuesday July 31st. Vendor fee is \$150 and we will supply the tables (6' x 2'), chairs, and electricity for your display.

For participating vendors two dinner tickets are provided and additional tickets may be purchased for \$10 each.

You also have the ability to display apparatus or other large equipment items that are included in your fee.

- Call me for additional information and/or directions.

In addition, you can also place a stand-alone banner representing your company in the registration area of the Facility for the week. Please contact me ahead of time if this is something you plan to take advantage of so that I can plan for space.

For your convenience, all forms for registering are available on our web site at www.coevta.org. You may pay your fees online, or mail a check to PO Box 17961, Denver, CO 80217.

If you have any questions or need any assistance, please email or call me.

We look forward to seeing you soon!

Thanks for all of your support!
