

COLORADO EMERGENCY VEHICLE TECHNICIANS ACADEMY

32nd Annual Academy!

The Colorado Emergency Vehicle Technicians Academy proudly presents the 2020 Colorado Emergency Vehicle Maintenance Academy. The annual event is scheduled to take place **August 10th - 14th, 2020** at Aims Community College in Greeley.

We look forward to your continued participation for Vendor day on Tuesday the 11th. Without you, this organization would have a difficult time accomplishing our goal of providing cost effective training to our technicians involved in the Emergency Services arena.

Every year we try to improve and find ways for our Vendors to benefit from this event and give the students as many resources available as we can. This year we are able to offer set up to be at 9 am on Tuesday August 11th. This will allow more face time with the students during breaks, lunch and again dinner! Vendor fee is \$150 and we will supply the tables (6' x 2'), chairs, and electricity for your display.

For participating vendors, we allow for two personnel per booth. Should you have more than two we ask for a \$10 fee for each additional person.

You also have the ability to display apparatus or other large equipment items that are included in your fee. I will need to know if you plan on bringing any apparatus or larger outside displays.

In addition, you can also place a stand-alone banner representing your company in the registration area of the Facility for the week. Please contact me ahead of time if this is something you plan to take advantage of so that I can plan for space.

For your convenience, all forms for registering are available on our web site at <http://www.coevta.org/>. You may pay your fees online or mail a check to the above address.

Please feel free to contact me with any questions.

We look forward to another great Academy!

Thanks for all of your support!
